THE COURSE

Over the course of 8 or 12 action packed weeks in Bali's surf capital, Canggu, you'll take the ISA surf instructor course and the SLS lifeguarding course, and ride some of the best waves available every day.

FOR WHO? THIS IS WHEN

- You are looking in to becoming a surf instructor but you are not fully ready to take the actual ISA exam.
- You're looking for a 12 week epic surf adventure in Indonesia.
- You want the sandy beaches to be your lifetime office like ours.
- You'd like to travel the world and get payed for it.
- You`re on a gap year and want to do something cool.

BALI & CANGGU

Of course you are here for surfing, but that is definitely not all that we or Bali has to offer!

Of course you are here for surfing, but that is definitely not all that we or Bali has to offer! During your stay here you can expect for one, to make friends for life and being based in once place a little longer allows you to experience Bali and Indonesia from a completely different perspective then the average tourist. Canggu, which is where you will be staying is, with very good reason, a place where many people like to return to during their trip around bali or Indo. Sandy beach parties, lush green rice paddies, heaps of cool and interesting people, even cooler locals and the food is to die for! And this will be your home! To be able to really connect and interact with the local people, we also provide weekly Bahasa lessons. This is the national Language of Indonesia. As mentioned before we also offer several trips around Indonesia.

THE VILLA

Our boutique-style surf villas with 2 swimming pools offers high standard bedrooms with A/C & private bathrooms.

The two villas are connected as one property. The Villas are located in Canggu and you can reach within 5 minutes three surf breaks: Old man, Batu Bolong and Echo beach. Next to the pools there is an open kitchen/bar where you can hang out after your surf session and share your Bali adventures.

WHAT WILL MY 12 WEEKS LOOK LIKE?

On average you can expect the following during your stay with us. As explained above, you will be out surfing 6 times a week from dusk till dawn, twice a day. 2 times a week you will train with a personal trainer to assure you will be at the right level of fitness to pass your assessment.

Every Sunday we have a 'restday' on these days you're free to do whatever you want, maybe even more surfing! But we make sure that every other week we provide a nice excursion so you can really soak up some of Indonesian finest scenery and get you to experience that real Bali feeling. More about these excursions will be introduced on page 12.

During your stay here we want to make sure you become a well rounded surfer as this is a very important aspect of being a great surfer and instructor. To assure this we make use of the amazing waves Indonesia has on offer. We will take you on several trips to the famous G-land and trips to Lombok. But Bali itself has many famous and infamous breaks that you will be surfing as well. One of the best ways to learn surfing is not only by doing it as much as possible, but also seeing yourself surf to be able to understand potential mistakes you're making. So during your training you will be filmed and photographed a lot so we can work on your personal development.
